

ONE WEEKLY SOUTH KENTUCKIAN
FRIDAY, JUNE 10, 1887.
CHARLES H. MEACHAM - Editor.
DEMOCRATIC STATE TICKET.

FOR GOVERNOR,
S. B. HUCKNER,
of Hart County.

FOR LIEUTENANT GOVERNOR,
J. W. BRYAN,
of Kenton County.

FOR ATTORNEY GENERAL,
P. W. HARDIN,
of Mercer County.

FOR AUDITOR,

FOR TREASURER,
JAS. W. TATE,
of Woodford County.

FOR SUPREME PUBLIC INVESTIGATION,
JOS. DESHA PICKETT,
of Fayette County.

FOR REGISTRAR OF THE LAND OFFICE,
THOMAS H. CORBETT,

FOR STATE SENATOR, SIXTH DISTRICT,
ZENO F. YOUNG,
of Hopkins County.

HON. Jas. G. Illinois salled for Europe yesterday to go home a year.

The Drummer newspaper, Lexington, has been sold to Wm. H. Peck.

When Wm. A. Wheeler died the whole Nation did not shed enough tears to moisten a postage stamp.

Yellow fever at Key West, Fla., is reported spreading, one new case and one death being reported Tuesday. Every effort is being made to stop the spread of the disease.

Mount Hugger, in New Hampshire, is to have a summer hotel. It ought to be a popular place with the young people. Kissimmee, Fla., will have to look to its laurels.—Georgetown Times.

There have been several cases of yellow fever at Key West, Fla., and a few deaths from the disease. The infected town is on an island and there has been no appearance of the fever anywhere on the mainland. A strict quarantine is being enforced and six skilled nurses have been employed at the expense of the general government and four guards to protect the property of persons removed to the hospital.

Coffee is now retailing at 30 cents per pound against about half that price a few weeks ago. If this price continues this country will pay \$60,000,000 per year more for coffee than it has been paying. The cause of this rise is attributed to three things. The consumption has increased rapidly of late years, the crop of coffee is reported short and there has been a "corner" made on the market. When we consider that the people of the United States use an average of ten pounds per capita per annum, an increase of 100 per cent. in the price is no small matter.

H. Rider Haggard, the author of "She" and other stories of fiction, is an Englishman only 31 years of age. He has traveled over South Africa and his knowledge of that country is gathered at first hand. His first book was a political one and was followed by "Dawn" in 1881, "The Witch's Head" in 1885, "King Solomon's Mines" the same year, "She" last December and "Jesu" last March. His last three books have won him a measure of fame and he has taken a place among the most popular of fiction writers. He lives in London and is a licensed barrister.

Col. Bradley, who has evinced such a keen desire to have somebody meet him on the stump, had an opportunity at Newcastle Tuesday when Watt Hardin appeared by invitation of the Republican county committee and asked a division of time. The valiant Colonel positively declined to meet Gen. Hardin on any terms and spoke two and a half hours to wear out the crowd and keep Hardin from following him. This meeting was not entirely successful and Hardin began speaking after 4 o'clock and spoke long enough to mow up the face of the earth with the Republican leader.

The Union Local intimates that the Paducah Standard was paid \$30 by Dr. Stanford to publish one of his recent speeches. This thing of making groundless charges of this character against Dr. Stanford and his friends has already reached a point where it amounts to persecution. If Senator Beck is instigating this kind of opposition it will find that it will do him more harm than good. If Dr. Stanford aspires to the Senate he has a perfect right to run and a good many people would rather see him elected than to see Senator Beck given a third term.

HENDERSON, Ky., June 7.—Prof. E. S. Clark, Superintendent of the public school system, and Prof. Thomas Posey, principal of the high school, have had a long existing enmity toward each other, and when Prof. Clark visited the high school this morning, some unguarded remark that he let fall precipitated a quarrel, which ended in Principal Posey shooting Prof. Clark three times, inflicting serious wounds on the face, arm and shoulder. The affair occurred in the class room, in the presence of a number of pupils. Clark was taken to his home and his wounds were dressed. Posey surrendered himself to the authorities. Both men are very prominent in society here.

KENTUCKY KNOWLEDGE,

The Kentucky Dental Association is in session at Louisville.

The Kentucky Distillers' Association met at Louisville Wednesday.

S. J. Howard was killed by lighting while hunting in Estill county.

Bob. Nelson, a constable, was drowned from the Steamer Idlewild, at Paducah Tuesday.

Leu Overton, col., shot and killed accidentally Fannie Doyle, col., aged 17, at Lexington.

A dead negro body was found in a creek in Ohio county by a woman who was fishing. It was the progeny of little Flood, who has left the country.

J. F. Sutton, editor of the Three Forks Enterprise is a candidate to represent Estill & Estill in the Legislature. There are two other Democratic candidates.

At a session on the State line in Paducah, Jeff Phillips shot and killed his half brother, Ewell, who was trying to take a pistol away from him while he was drunk and demolishing it around.

Patterson's appeal will not be heard in the higher court until fall and consequently the Louisville murderer will not be hung July 1st. Turner will be needed in the event Patterson secures a new trial, as a witness.

The peace of Estill county was again disturbed by the killing of three men at Morehead Wednesday.

Marshal Mann and two deputies undertook to arrest Jack and Wm. Logan, who resisted and Mann and both the Logans were killed.

MACEDONIA.

Macedonia, Ky., June 8—Owing to the late rains our farmers are getting behind with their work.

Well, well—the world must turn upon its axle,

And all mankind turn with it, heads or tails;

Is the way Byron looked at it; but

BLOOMINGTON, Ills., Sept. 18, 1887.

Mess. F. J. Cheney & Co., Toledo, O.

Have taken Hall's Catarrh Cure.

Had catarrh all my life; am 45 years old;

had asthma 19 years, and a dreadful

cough for five years. Have taken ev-

erything; went to the Hot Springs;

Have attended all the best doctors here;

had a doctor here, but I have been

elsewhere 19 years. When I commenced

using Hall's Catarrh Cure I was al-

most dead. I sent for the doctor the day I got Hall's Catarrh Cure, and I told him that I would die if you would

try your medicine.

I am very bad. How I suffered at

first. I could hardly breath at

times. I saw Hall's Catarrh Cure

advertised in the papers and com-

mended taking it.

If I had not had one bad spell of coughing since, I

it would have been a thousand

dollars worth of good. There are

ten of my friends, on seeing what I

had done for me, taking it, and it is

helping them. I only wish that ev-

ery one who has catarrh, asthma and

a bad cough could see me so that

they could take it.

All that know me here know how I

have suffered. (I have been here since 1853.)

and say to me that "I am so glad you

found something that could cure you."

Everyone says, "How much better you look." The doctors say they are

glad I found Hall's Catarrh Cure

as they could not cure me.

I cannot express my gratitude to

the good Hall's Catarrh Cure.

It has done me.

You can use it and be all the

more satisfied.

It will help the whole world.

It is all true and they should know it.
